TOOL LIST
Drill Motor, 3/16" Drill Bit, 1/4" Drill Bit, Side Cut Pliers

- The Speed Grilles lay over the X grids on the factory grille. The Upper Speed Grille section will lay over the top edge of grille shell and is retained by the four push in fasteners supplied. Refer to photo 1 for placement of fasteners.

THE SPEED GRILLE™ may be covered by one or more of the following U.S. Patents: D427,119,D425,834,D421,585,D420,961,D420,960,D420,959, and D420,958 may be covered by one or more pending U.S. Patent applications.

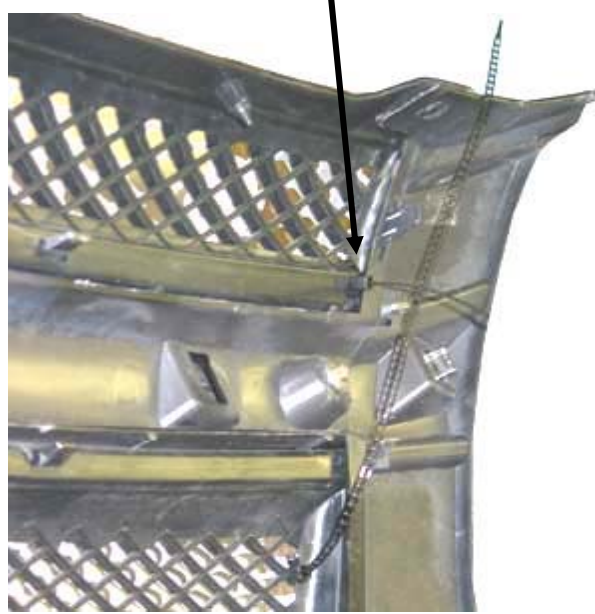

2. Drill a 1/4" hole through the " LOOP " in Speed Grille and into grille shell. Push the retainers through to fasten. The bottom side of Speed Grille is fastened using four of the ladder ties provided. Run the ladder tie around the loop in Spped Grille and around the X member. Refer to photo 2 for reference.
