SPEED GRILLE

98-UP GMC

"S" SERIES

VERY IMPORTANT ! Read and understand all directions and check the following parts list before starting installation.

PARTS LIST

1	Speed Grille Section	1	Instruction Sheet	8	Attaching Clips # 71098
		1	Street Scene Emblem	1	Got Street Scene Decal

TOOL LIST

Safety Glasses, 10mm Socket, Ratchet, Extension

Note:

No cutting, Drilling or Grinding Required

1. Before beginning installation be sure to wear proper eye protection.
2. Open hood, Grasp upper portion of grille shell and pull to release retaining clips, Do the same on the lower portions and remove grille shell from truck. Be carefull not to scratch bumper with clips on the grille shell. Clips should remain in the grille shell. If clips are still on truck, Remove and install on grille shell.
3. Set the grille shell on a clean covered bench or table. Using a 10mm socket remove the "GMC" emblem from grille.
4. Remove "Speed Grille" insert from it's package and install into grille shell. **Note:** "Speed Grille" will install over edge and under the horizontal bars.
5. Using the eight clips provided, clip the upper side of insert in with four of the clips, One at each end and the other two centered in between. Do the same for the lower side. Make sure the insert is fully installed into the grille shell.
6. Reinstall grille shell into truck.

THE SPEED GRILLE™ may be covered by one or more of the following U.S. Patents: D427,119,D425,834,D421,585,D420,961,D420,960,D420,959, and D420,958 may be covered by one or more pending U.S. Patent applications.
