**950-77300 SATIN FINISH
&
950-78300 CHROME FINISH
NISSAN MAXIMA
SPEED GRILLE
MAIN GRILLE**

VERY IMPORTANT ! Read and understand all directions and check the following parts list before starting installation.

PARTS LIST					
1	Speed Grille Section	1	Instruction Sheet	8	Installation Clips # 71098
1	Got Street Scene Decal	1	Street Scene Emblem		

TOOL LIST	
Miss. Metric Tools, Cutting Device (See step 5)	

1. Remove the front fascia from the vehicle. Follow step 2.
2. Raise the front of vehicle and support with jack stands.
3. Remove the two fasteners at the right and left sides just in front of the wheel openings. Unplug all lights.
4. Remove the 10 fasteners on the lower side of fascia.
5. Remove the four fasteners across the top and set fascia on a scratch protective surface.
6. Although it may seem that the grille can be removed with a phillips screwdriver, This is not the case. Leave grille in the fascia.
7. Using a suitable cutting device (ie power hack saw, coping saw, or a hack saw blade, cut the center grille out leaving the grey perimeter in the fascia.
8. Install the Speed Grille into the opening.
9. Attach from the back side by slipping the clip over the fascia returnedge, and onto the return edge of the Speed Grille.
10. Use four clips on the top side and four on the bottom side.
11. Install fascia back onto the vehicle.
12. Install the Street Scene Emblem to the face of the Speed Grille. Remove the protective covering from the emblem.

THE SPEED GRILLE™ may be covered by one or more of the following U.S. Patents: D427,119,D425,834,D421,585,D420,961,D420,960,D420,959, and D420,958 may be covered by one or more pending U.S. Patent applications.
